

Information for students

Diploma Supplement: Activity list and route card for field 6.1

Additional Information

In chapter 6.1 "Additional Information" individual details about your extracurricular activities during your studies can be entered.

Definition of extracurricular activities

Extracurricular activities, which are included in the Diploma Supplement at TUM, are activities that

1. were performed in the context of TUM,
2. have been carried out to a significant extent (at least 90h / 3 credits) over the duration of the studies,
3. have not been confirmed by documents, job references or similar,
4. have been provided without payment.

Furthermore, the Diploma Supplement includes stays abroad that were relevant to the study goal and that lasted at least 3 months or during which credits were earned.

The activity list provides information about which extracurricular activities can be included in the Diploma Supplement.

Illustration of student-specific extracurricular activities in TUMonline

If you want to have printed extracurricular activities in your Diploma Supplement, please do the following:

- Have the extracurricular activities that are to be listed in the Diploma Supplement certified on the route card.
- The activity list shows who is the responsible person for the certification.
- **Submit the fully completed and signed route card to the Infopoint Mathematics together with the registration form for your Bachelor's/Master's thesis, even if you do not wish to have any activities recorded.**
- The extracurricular activities will be printed in your Diploma Supplement.
