

Application for Recognition of Examinations Completed at Other Institutions of Higher Education

TUM School of Computation, Information and Technology
Academic Programs Office - Mathematics

Checklist for the application

Please note the following:

- Only fully completed application forms will be accepted
- You have to submit a separate form for each module
- For each application, please merge the following documents into one single PDF:
 - o Application form
 - o Module description (including proof of level)
 - o Transcript (including information about the grading and credit system)
 - o Further documents if necessary
- For technical reasons, we ask you to print the completed application as a PDF first (e.g. via "Microsoft Print to PDF" or for Apple via "Print"/"Save file as PDF") and only then to save it
- Please name this PDF with the module title or with the module number of the module to be recognized
- Please submit the PDF(s) according to your degree program to bachelor@ma.tum.de or master@ma.tum.de
